NATIONAL EDUCATION SUPPORT PROFESSIONALS DAY

Annually observed on the Wednesday during American Education Week, National Education Support Professionals Day honors the contributions of school support employees. These support professionals provide invaluable services and are essential partners in a child's education.

The day honors a long list of professionals who keep schools running smoothly. They include all secretaries, classroom aides, cafeteria workers, maintenance workers, bus drivers, and the others who support educators, school leadership, and the students, too. These professionals do their part in making public schools exceptional for every child so they can be safe, learn, grow and achieve.
